

REVISED

PZBA12-00018

5001 Dyer Street

Earl Scheib Realty Corporation

Applicant requests a Special Exception under Section 2.16.050 K (15 Years or More, Rear Yard Setback) in a C-4 (Commercial) zone.

This would permit a 119.4' by 10' portion of a building that is encroaching into the rear yard setback and is located to within 0' of the rear property line.

The required front and rear yard cumulative setback total is 10 feet in the C-4 zone district.

BACKGROUND

The applicant purchased the subject property in 1987 (see copy of warranty deed). The 1986 aerial shows that the entire building encroaching to the rear property line.

The ZBA granted a Special Exception on June 8, 1981 to the referenced property for a 50' by 55' (3 bays) garage structure located up to the rear property line (see enclosed decision card). However, at some time prior to the 1986 aerial, the entire 119.4' of the building was extended to the rear property line, prior to the current owner taking ownership of the building.

Further, a portion of the building is built to 0' of the front property line. No permit was found for the extension of the building to the front property line. Research of Building Permits & Inspections microfiche records reveals building permit #'s B64831 (1979), B87286 (1981), B07585 (1984), and B34711 (1987, interior improvements), all submitted with site plans showing the encroaching portion of the building, extending to the front property line, as it exists today.

The building exists in the 1956 aerial, but the encroachments to the rear and front property lines do not exist; therefore, Planning could not register the property as legally nonconforming for the front and rear yard setbacks, existing prior to the effective date of the zoning code, 1955.

A recent code change to Title 20, Zoning, Appendix B (Table of Density and Dimensional Standards), in March 2012 permits a 0' front yard setback in the C-4 zone district if a cumulative front and rear yard setback of 10 feet is provided.

CALCULATIONS

Required front and rear yard cumulative setback total = 10'

Requested front and rear yard cumulative setback total = 0'

Requested front yard setback = 0'

STAFF RECOMMENDATION

Staff recommendation is pending.

The Zoning Board of Adjustment is empowered under Section 2.16.050 K to:

"Permit the encroachment into the required yard setbacks for structures; provided, however, that the applicant can prove the following conditions:

1. The encroachment into the required yard setback has been in existence for more than fifteen years; and,
2. Neither the applicant nor current property owner is responsible for the construction of the encroachment; and,
3. Neither the applicant nor the current property owner owned the property at the time the encroaching structure was constructed or built; and,
4. The encroachment, if into the required front yard setback, does not exceed fifty percent of the required front yard setback; and,
5. The encroachment does not violate any other provision of the El Paso City Code."
